Professionally Guided Hunts

"Specializing in TROPHY Animals"

Elk • Deer • Antelope • Bighorn Sheep
Bear • Lion • Turkey • Javelina • Quail

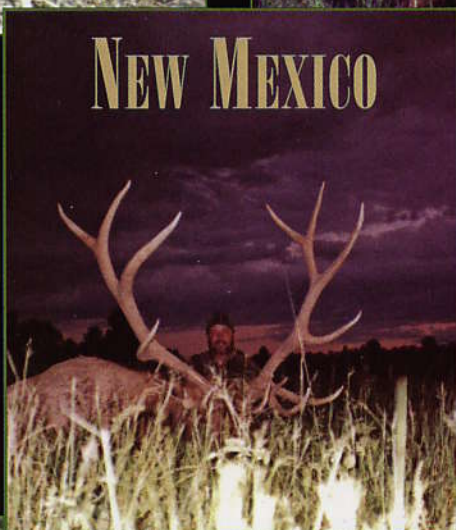

ARIZONA

BULL ELK

Our Elk hunts are mainly conducted in SE Arizona and SW New Mexico in the coveted Gila & Apache Sitgreaves National Forests. More record class Bulls are harvested annually in these areas than any other region in the U.S. With just the right mix of minerals, genes, climate and proper management, the opportunity of taking the next world record is always just right around the corner. We offer Archery, Muzzleloader and Rifle hunts during the Rut (September and October), as well as General and Late Season hunts continuing into December. Arizona hunts are on a drawing-only basis. New Mexico hunts are also on a drawing basis, however **GUARANTEED LANDOWNER PERMITS ARE AVAILABLE.**

NEW MEXICO

MULE DEER

My rifle hunts in Arizona are on a drawing only basis, matching hunters to trophy quality units exclusively. New Mexico hunts are conducted with an OTC license. These hunts begin in late September, with our Muzzleloader hunts and continue into October and November with the rifle hunts. Late Archery hunts are conducted in December and January in both Arizona and New Mexico, during the Rut.

ANTELOPE

Our Western Pronghorn hunts begin in August and run into early October and are available by public land drawing and private landowner tags. The Bucks in these areas usually range from 14 to 16 inches, with several Boone and Crocket heads harvested annually. Success in harvesting quality animals is very high, however, hunt openings are not. Please book early to insure your spot.

COUES DEER

These elusive deer are one of the most exciting and challenging animals to hunt on the continent. Often referred to as the "gray ghost", their small body size and ability to hide make them one of the most rewarding trophies that you will ever harvest. These hunts take place October through January and are obtainable through a drawing. OTC archery only tags are available in late December and January for both Arizona and New Mexico.

BIGHORN SHEEP

Bighorn sheep are one of the most sought after and hardest to obtain of all the Big Game animals in North America. Recognizing this, Taylor Mountain Outfitters strives to make this once in a lifetime opportunity a truly unforgettable experience. We go the extra mile to scout, video, spend months on end with the sheep and locate your trophy of a lifetime.

Arizona and New Mexico are on a limited draw basis.

Governor tags for Arizona and New Mexico are available to the highest bidder.

2003 - NEW #9 B&C RAM

2004

MERRIAM'S TURKEY

Arizona Spring Gobbler hunts are conducted on a drawing only basis. The deadline to apply is mid-October. Quality birds are plentiful and this exciting hunt takes place in some of the most beautiful country the White Mountains of Arizona have to offer. Our New Mexico Spring Gobbler tags can be purchased OTC with the quality of birds being equal to those of Arizona, however the number of birds is slightly lower. Whether you are a first-time Turkey hunter, or an accomplished Turkey hunter working on your Grand Slam, you are sure to enjoy your experience hunting these beautiful Western Gobblers. Both Arizona and New Mexico hunts take place in April and May.

JAVELINA

Our Javelina hunts take place in the Southern regions, among the sandy washes and rolling hills scattered with prickly pear cacti. This desert terrain makes an ideal situation for glassing and stalking. The average Javelina ranges from 30 - 40 lbs. with tusks between 2 1/2 to 3 inches in length. This is a fun hunt that is not physically demanding and shots under 20 yards are common.

BUFFALO

Our Buffalo hunts are conducted with an exclusive partnership between the Crow Indian Tribe and Taylor Mountain Outfitters. These hunts take place in the breath-taking Bighorn Mountains of Southern Montana. This Tribe has one of the largest free-ranging buffalo herds in the United States. The fact that these historic animals are free-ranging and qualify for B&C makes this a truly unique hunt.

MOUNTAIN LION

When hunting mountain lion with Taylor Mountain Outfitters, it is done solely with the use of well-trained hounds. Hunting the elusive mountain lion is something that most hunters will only do once in their lifetime. The experience of trailing these majestic animals through remote areas and the thrill of the chase is a memory that is not soon forgotten.

BEAR

My hunts are conducted in two general methods: hound hunts (with or without horses) and spot & stalk. There is something about hunting these big bruins in their natural habitat that really gets your blood pumping! Whether you choose to hunt along with the dogs or go one-on-one with the animal, you are sure to have an exciting and enjoyable experience.

TAYLOR MOUNTAIN *Outfitters*

MISSION STATEMENT

Thank you for taking the time to consider us.

Taylor Mountain Outfitters is based in Eagar, Arizona, twelve miles west of the New Mexico border. We are located right in the heart of the best trophy big game hunting that Arizona and New Mexico have to offer. I have been in the outfitting business professionally since 1992 and have been an avid outdoorsman all of my life. I take great pride in what I do and promise to give you 110% towards making your hunt with us a successful and enjoyable experience. At Taylor Mountain Outfitters, we specialize in trophy animals, concentrating on quality, not quantity.

All hunt packages include: lodging, meals, one-on-one guiding (unless otherwise stated), preparation of heads and capes for taxidermy and delivery of meat to processor (processor fees and shipping are hunter's responsibility). Most of our transportation to and from hunt areas will be done with 4X4 vehicles, and hunting will be done afoot. Flights should be made into Albuquerque, NM or Phoenix, AZ where rental cars are available.

Here at Taylor Mountain Outfitters, we are looking forward to another promising and successful year. We hope that we can become part of your success as a trophy hunter in the future. Until then, happy hunting from TAYLOR MOUNTAIN OUTFITTERS.

Sincerely,

Troy W. Taylor
Owner / Outfitter
